

Kia Soul Features & Specifications

Exterior Dimensions

Length: 159.06 in. (4040mm)

Width: 72.84 in. (1850mm)

Height: 64 in. (1620mm)

Wheel base: 100.39 in. (2550mm)

Wheels & Tires

Wheels: 20-inch polished aluminum

Tires: 245/45R20

Exterior Features

- Wrap-around “one-piece” windshield and windows
- Automatic panoramic split-section sun/moon roof
- Roof racks with rails
- Front brush guard with integrated fog lamps
- Side vents for cooling the engine compartment
- Freestyle passenger doors, rear-hinged in back
- Rear brush guard with integrated license plate

Interior Features

- Premium audio system with speakers strategically located at the best positions to maximize audio performance and sound quality
- Multimedia entertainment system
 - Notebook computer with a multi-purpose video game monitor housed in the glove compartment area
 - Rear video monitors that fold up and out airline style from the center console
 - Blue-tooth and MP3 technology as well as multiple USB ports, Wi-Fi and telematics
- Upscale, limousine-style interior lighting surrounds both sun/moon roofs and door panels
- Practical interior room and a reconfigurable cargo space with fold-flat rear seats

Driving Functions

- 2.0-liter, four-cylinder gasoline engine
- Front wheel drive (FWD)
- Five-speed automatic transmission with manual shift capability
- Adaptive cruise control

Safety Features

- High taillight placement leads to a contemporary look and safer visibility
- Virtual B pillar created when freestyle doors close and interlock with roof and floor panels

Convenience Features

- Power lift gate activated by the key fob
- Rear lift gate includes a unique backpack compartment with a custom configuration option. It folds out like a mail slot for wet or muddy items such as a wetsuit or hiking shoes, or even a skateboard depending on its configuration.
