Overview

The Carnival MPV is motivated by a 3.5-liter V6 engine making a best-in-class 290 horsepower. This powertrain provides up to 3,500 pounds of towing capacity for confident trailer, boat, or camper excursions. And that confidence is amplified by an expansive roster of standard Advanced Driver Assistance Systems (ADAS)¹ including Forward Collision-Avoidance Assist, Blind-Spot Avoidance Assist, and Lane Keeping Assist System to name only a few. Together, these elements make Carnival an exceptional combination of modern design, capability, safety and luxury.

The all-new MPV offers plenty of space for 7- or 8-passenger flexibility, comfort for long road trips, or jaunts to the local lumber store:
